London Glazed Internal Door Fully Finished

A traditional door design featuring two vertical panels and two clear glazed panels, perfect for adding the finishing touch to any of your rooms.

- Engineered construction for added strength, stability and performance
- Product supplied unfinished, ready to paint or stain
- A-Grade American White Oak Veneer
- Real Oak Lipping allowing for 6mm to be trimmed off all edges of the door
- Solid core door requiring 3 hinges for hanging
- We recommend using a 65mm latch for this door.
- Toughened safety glass conforms to BS EN 12150
- Paint N Peel System for easy finishing
- In the interest of environmental concerns and improved performance, products contain engineered components including but not limited to laminated timber
